## **MAX WARNING GUIDELINES:**

Below shows the maximum warnings users can get for certain rules. The rules were reordered so this is more convenient for you. Just remem

### **REGULAR WARNINGS**

The max warnings for rules 1-12 is 9 warnings. Once someone accumulates 9 warnings within these rules, they should be banned.

For example:

x1 warning for rule 1  
x2 warnings for rule 2  
x2 warning for rule 6

---

x4 warnings for rule 10

This adds up to 9 warnings and are in the rule 1-12 boundary, therefore this results in a ban.

### **TICKET WARNINGS**

The maximum warnings for rule 13 - 15 is 4. Once someone accumulates 4 warnings for these offences, they should be given the ticket blacklisted role.

Example:

x2 warnings for rule 13  
x1 warning for rule 14  
x1 warning for rule 15

This adds up to 4 warnings and are in the rule 13-15 boundary, therefore this results in a ticket blacklist.

## **REPORT WARNINGS**

The maximum warnings for rule 16 - 19 is 7. Once someone accumulates 7 warnings for these offences, they should be given the report blacklisted role.

Example:

x2 warnings for rule 16  
x2 warnings for rule 17  
x3 warnings for rule 18

This adds up to 7 warnings and are in the rule 16-20 boundary, therefore this results in a report blacklist.

## **STAFF REQUEST WARNINGS**

The maximum warnings for rule 21-22 is 5. Once someone accumulates 5 warnings for these offences, they should be given the staff request blacklisted role.

Example:

x2 warnings for rule 21  
X3 warnings for rule 22

This adds up to 5 warnings and are in the rule 21-22 boundary, therefore this results in a staff request blacklist.

## PERMISSIONS:

Managements - Warn, kick, server mute, mute, delete message

Senior - Warn, kick, ban, server mute, mute, delete message

HR - Warn, kick, ban, server mute, mute, delete message, update, rolepersist

If you haven't got the permissions to take action on a certain user, you'll need to make a request in #management-requests

The format for each request can be found in the pinned messages.

Example:

Discord username: bonnie591#0591

Discord ID: 257971544016289812

Blacklist: Reports Blacklisted role

Reason: Acquired 5 warnings for rule 17.
